

Recancostat® is a patented combination of stabilized reduced glutathione (GSH), anthocyanins, and L-cysteine, clinically studied to support cell apoptosis and healthy cell development.* GSH blocks free-radical damage to all types of tissues and supports the body's normal process of DNA repair.*

Integrative Therapeutics' evidence-based natural medicines are the only choice of doctors who rely on the fact base of premier science to deliver patient results.

Recommendations: Mix 1 level scoop (700 mg) with 12 to 16 ounces of water 1 to 3 times daily between meals, or as directed by your healthcare practitioner.

If pregnant, nursing, or taking prescription drugs, consult your healthcare practitioner prior to use.
