WARNING: Accidental overdose of iron-containing products is a leading cause of fatal poisoning in children under 6. Keep this product out of reach of children. In case of accidental overdose, call a doctor or poison control center immediately.

Folic acid alone is improper therapy in the treatment of pernicious anemia and other megaloblastic anemias where vitamin B12 is deficient.

PRECAUTIONS: Folic acid in doses above 1.0 mg daily may obscure pernicious anemia in that hematologic remission can occur while neurological manifestations progress.

WARNING: Ingestion of more than 3 grams of Omega-3 fatty acids (such as DHA) per day has been shown to have potential antithrombotic effects, including an increased bleeding time and International Normalized Ratio (INR). Administration of omega-3 fatty acids should be avoided in patients taking anticoagulants and in those known to have inherited or acquired predisposition to bleeding.

TriCare Prenatal™
CHEWABLE TABLET

with Twist-off DHA Softgel

INDICATIONS AND USAGE: TriCare Prenatal™ Chewable Tablets with Twist-off DHA Softgels are indicated to provide vitamin and mineral supplementation throughout pregnancy and during the postnatal period for both the lactating and non-lactating mother. It is also useful for improving nutritional status prior to conception.

CONTRAINDICATIONS: This product is contraindicated in patients with a known hypersensitivity to any of the ingredients.

NOTICE: Contact with moisture may produce surface discoloration or erosion of the tablets and twist-off softgels.

ADVERSE REACTIONS: Allergic sensitization has been reported following both oral and parenteral administration of folic acid.

DOSAGE: Two (2) chewable tablets and two (2) twist-off softgels daily or as directed by a physician.

ADMINISTRATION: Chew tablets before swallowing. Twist small end off from softgel and squeeze contents directly into mouth or into juice to drink. Daily dosage should be taken with food.

HOW SUPPLIED: Child-resistant, blister pack of two (2) white tablets and two (2) purple twist-off softgels. Each tablet is embossed MP 201. Each Twist-off softgel is marked MP 802.
