THE DIGEST SMART™ DIFFERENCE

Potent Digestion Power for Each Food Group

The digestive potency of enzymes is measured by **Enzyme Activity Values (EAV)**. An enzyme's EAV measures how effective the enzyme is in converting the major food groups—protein, carbohydrates, fat, and fiber—into smaller absorbable nutrients to provide the nourishment and energy your body requires.

Digest Smart is made with a potent, full-spectrum blend of 25 enzymes to address all major food groups, and the first digestive enzyme product to use independent, validated testing by the **IZYME Program™** to identify total enzyme activity for each major food group.

CRITICAL CARE POTENCY		
Food Group	EAV Power	
Protein	2,300,000 PU	
Carbohydrate	40,000 DP	
Fat	4,300 FIP	
Fiber	4,100 CU	

The high potency Enzyme Activity Value for each group is your assurance that Digest Smart will help support more complete breakdown of the major food groups, optimize nutrient availability, and ease digestive discomfort from today's complex diets.*

Targeted Delivery Capsules

Digest Smart features ZymeGUARD™ targeted-delivery capsules to shield the enzymes from stomach acid and ensure delivery to the intestines where 90% of digestion occurs.*

Potency & Purity Guaranteed

Digest Smart is third-party tested and certified for potency and purity. For test results, visit www.izyprogram.com.

WHY TAKE DIGEST SMART™ CRITICAL CARE?

Many foods today do not contain active enzymes to aid in the digestive process, causing problems like occasional gas and bloating. Age, poor diet, inadequate chewing, and stress can also contribute to occasional digestive upsets.

Digest Smart is made with a full spectrum of 25 plant-based raw enzymes to support more complete breakdown of all major food groups.* Taken with every meal, it can help ease occasional digestive upsets, optimize nutrient availability, and support digestive health and normal energy levels.*

Digest Smart Critical Care is specially formulated to support the most difficult digestion and help:

- Increase the ability to digest problematic foods*
- Prevent occasional gas and bloating*
- Soothe the digestive tract with ginger and peppermint*
- Optimize nutrient availability*

For more information, visit DigestSmart.com

Digest Smart Enzymes are formulated by **Brenda Watson, C.N.C.**, a leading expert on natural digestive care and the president of ReNew Life Formulas.

Directions: Adults, take one capsule before each meal.

Supplement Facts

Serving Size: 1 Capsule	Servings per Container: 45
Amount per Serving	%DV*
Plant-Based Digestive Enzyme Blend	
Protein Enzyme Activity Value¹	2,300,000 PU
Papain 1,455,242 PU, Bromelain 350,000 PU, Protease SP 120,000 HUT, Protease PC 18,948 PC, Peptidase 2,500 HUT, Protease DP 60 DPPV, Protease AP 25 SAPU, Actinidin 10 AU	
Carbohydrate Enzyme Activity Value¹	40,000 DP
Amylase blend 28,500 DU, Lactase 1,600 ALU, Invertase 1,000 SU, Alpha Galactosidase 550 GALTU, Maltase 487 DU, Glucoamylase 65 AGU, Phytase 10 FTU	
Fat Enzyme Activity Value¹	4,300 FIP
Lipase blend 4,300 FIP	
Fiber Enzyme Activity Value¹	4,100 CU
Cellulase blend 4,000 CU, Hemicellulase 1,500 HCU, Xylanase 1,000 XU, Beta Glucanase 133 BGU, Pectinase 70 Endo-PGU	
Digestive ATP Energy Blend	41 mg
ATP 5 Billion LCU, ElevATP™ (plant-derived trace minerals and polyphenols, Astragin™ (from <i>Panax notoginseng</i> , Astragalus membranaceus), superoxide dismutase	
Digestive Soothing Blend	40 mg
Ginger extract 10:1 root, Peppermint extract leaf	
** Percent Daily Values (DV) are based on a 2,000 calorie diet. Daily value not established.	

Other Ingredients: Vegetable capsule (vegetable fiber, water).

Soy, dairy, and wheat are used in the fermentation process to make enzymes and may be present in the finished product in very trace amounts.

Free of CMOs, gluten, yeast, salt, sugar, eggs, nuts, fillers, binders, added preservatives, and artificial ingredients.

KEEP OUT OF REACH OF CHILDREN.

WARNING: Consult your physician before using this or any product if you are pregnant, nursing, trying to conceive, taking medication, or have a medical condition. Store in a cool dry place at 77°F (25°C) or below. Manufactured in a GMP facility.

Quality and Purity Guaranteed.
