

**USAGE:** Take 1 softgel 1 to 2 times per day or as directed by your qualified healthcare professional.

- **CarotenAll®** contains alpha- and beta-carotene extracted from palm fruit (EVTene™) in a ratio similar to carrots. One softgel of CarotenAll® provides greater amounts of the major carotenoids (Alpha- & Beta-Carotene, Lutein, Zeaxanthin and Lycopene) than 5–6 servings of fruits and vegetables.
- **Lycopene** is an antioxidant carotenoid extracted from non-GMO tomatoes (Lyc-O-Mato®). Lycopene protects cells against the reactive oxygen species (ROS) singlet oxygen.\*
- **Lutein** is an antioxidant carotenoid that occurs in nature with zeaxanthin. Dietary lutein and zeaxanthin concentrate in the eye's macula and lens where they protect these tissues from oxidative stress.\* **Astaxanthin** is a highly-potent antioxidant carotenoid found in seafood and algae that protects lipids from peroxidation.\*

**Keep out of the reach of children.**

**Store in a cool, dry place.**
