

USAGE: Take 1 capsule 1 to 2 times per day between meals or as directed by your qualified healthcare professional.

NOTE: If you have a medical condition, are pregnant, lactating, trying to conceive, under the age of 18, or taking medications, consult your healthcare professional before using this product.

Jarrow Formulas® Colostrum Prime Life® contains a minimum of 30% immunoglobulins, and is collected within 16 hours of calving from American, pasture-fed cows, raised without the use of growth hormone (rBGH), antibiotics or pesticides in their feed. The colostrum undergoes low-temperature processing along with testing to ensure that the different colostrum immunoglobulin fractions retain their biological activity and are not denatured. The immunoglobulins in Colostrum Prime Life® support the body's defense system and promote gastrointestinal health.*

Colostrum Prime Life® is delivered in a DRcaps® (delayed release capsules) to minimize denaturation of immunoglobulins.

**Keep out of the reach of children.
Store in a cool, dry place.**

* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

DRcaps® is a trademark of Lonza or its affiliates.
