* An 8-week, randomized, double-blind, placebo-controlled study of 33 healthy men compared the effectiveness of this proprietary module of whey protein and leucine vs. an isocaloric carbohydrate placebo consumed before and after resistance training. Subjects consuming the leucine-whey protein supplement experienced greater increases in muscle strength than those on the placebo. Leucine-whey protein supplementation also increased muscle cross-sectional area from baseline.

* When used in conjunction with an exercise program.

* An 8-week randomized, double-blind, placebo-controlled study of 118 healthy men participating in a supervised resistance training program showed that those taking MyoTOR® had significant increases in mean upper body strength (49.7 lb. vs. 19.4 lb.), mean lower body strength (42.1 lb. vs. 19.2 lb.) and muscle endurance after 8 weeks vs. those who took a placebo with the same exercise. Improvements in strength were seen in as early as 2 weeks. Men on MyoTOR® had greater improvements in muscle strength and endurance vs. those who took a placebo but exercised twice as much.

* An 8-week randomized, double-blind, placebo-controlled study of 40 healthy men participating in a voluntary exercise routine showed that those taking MyoTOR® had significant improvements in upper and lower body strength, muscle endurance, arm circumference and lean body mass vs. those on a placebo after 8 weeks. Improvements in strength were seen in as early as 2 weeks.

Enhanced with MyoTOR® for improved strength & stamina***

CLINICALLY PROVEN TO:

- Accelerate results in as early as 2 weeks***
- Improve bench press by 30 lb. and leg extension by 22 lb.**
- Increase arm circumference and improve lean body mass**

SUPERIOR PERFORMANCE PROTEIN

Enhanced with More LEUCINE & BCAA than Standard Whey Protein

Elevated Muscle Fuel for Muscle Growth & Recovery**

Featuring Clinically Studied
BETAPOWER® + CREATINE,
MyoTOR® & TESTOFEN®

To Enhance Power, Improve Strength & Stamina
and Support Testosterone Levels***

With Only Premium, Ultra-Pure,
Fast-Digesting Protein

Only Whey Hydrolysates and a Clinical Core of
Whey Isolate & Leucine to Improve Strength**

If it's on our labels, then it's in our bags. Full dosing, full transparency and no proprietary blends. Clinically studied ingredients backed by real science. The most effective and premium performance protein available. Get power. Be alpha.

◇ EAA = essential amino acids
