WHY CHOOSE ULTIMATE FLORA?

Higher Culture Count

Ultimate Flora WOMEN'S COMPLETE is a once-daily, high-potency probiotic uniquely formulated for women to promote digestive and immune health, and support vaginal and urinary health.* Each capsule contains 90 billion live cultures of 12 strains of beneficial flora.†

One Capsule Per Day

Just 1 Ultimate Flora capsule = 3 capsules of leading women's probiotic

To receive 90 billion cultures per day, you would need to take over 3 capsules of a probiotic with only 28 billion cultures per capsule!

Delayed Release Capsule

Stomach acid can destroy probiotics. **Ultimate Flora WOMEN'S COMPLETE** delayed-release capsules are designed to resist stomach acid to help ensure more probiotics reach your digestive tract.

THE ULTIMATE FLORA ADVANTAGE

Our proprietary blend of unique probiotic strains naturally occur in the intestinal tract, helping to support:

- Healthy Digestion & Regularity*
- Immune Functions*
- Vaginal & Urinary Health*

Lacto probiotic strains: Target the small intestine where nutrient absorption and healthy digestion occur, and the vagina and urinary tract for complete women's health support.*

Bifido probiotic strains: As we age, our level of Bifido declines. Bifidobacteria support a healthy large intestine where elimination occurs.*

PROBIOTIC SUPPORT JUST FOR WOMEN

Women have unique needs when it comes to their health. **Ultimate Flora WOMEN'S COMPLETE** is formulated with specific Lactobacillus and Bifidobacterium probiotic strains to support digestive and immune health, as well as vaginal and urinary tract health.*

Balanced Lacto-Bifido Formula: Lactobacilli are the most prevalent good bacteria in a healthy vagina. They produce beneficial compounds that support a healthy balance of bacteria and yeast in the digestive tract and vagina.* Added Bifidobacteria help maintain a healthy digestive environment for complete probiotic support.*

Brenda Watson is a leading natural digestive care expert. Her Ultimate Flora probiotics are formulated to help balance the digestive and urogenital system, and promote regularity and vibrant health.*
