Clinically Documented Strains

Jarro-Dophilus® EPS is a shelf-stable, multi-strain probiotic formulated with clinically documented strains.

Jarro-Dophilus® EPS helps support the health of the entire intestinal tract with a mixture of eight probiotic species from four different genera: ***Lactobacillus***, ***Bifidobacterium***, ***Lactococcus***, and ***Pediococcus***.* Each strain has been clinically validated by scientific research and assigned a strain designation (e.g., R0011) that links to the positive influence on intestinal and immune health.*

Enhanced Probiotic System™

Jarro-Dophilus® EPS is an **Enhanced Probiotic System™** formula due to its proprietary EnteroGuard® coating, blister packing defense against air and moisture, and use of strains with excellent stability at room temperature. This ensures a maximum number of probiotic strains are delivered to the intestinal tract, where they can fully exert their benefits.*

EnteroGuard®

Protects Probiotics and Resists Stomach Acid via Food-Grade, pH-Sensitive Coating

Blister Packed

Protects Probiotic Bacteria from Moisture and Oxygen for Superior Stability

Shelf Life: Stability

Formulated with Strains Such as ***B. longum* BB536** That Have Excellent Stability at Room Temperature (77° F)
