

USAGE: Take 1 softgel per day or as directed by your qualified healthcare professional.

NOTE: If you have a medical condition, are pregnant, lactating, trying to conceive, under the age of 18, or taking medications (especially anticoagulants [e.g. warfarin/Coumadin]), consult your healthcare professional before using this product.

Jarrow Formulas® MK-7 is naturally made via fermentation by *Bacillus subtilis* subsp. *natto* and is 10X better absorbed than K₁ from spinach.* MK-7 is a longer-acting form of vitamin K vs. K₁ and MK-4, and clinically proven to better support carboxylation of specific proteins needed to build bones and help protect arteries from calcium deposition.*

Keep out of the reach of children.

Store in a cool, dry place.

* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.
