

USAGE: Take 1 vegetarian capsule 1 or 2 times per day with water, or take as directed by your qualified healthcare professional. May be taken with food or on an empty stomach. **NOTE:** For immune-compromised individuals and children, please consult your healthcare professional before using this product.

Saccharomyces Boulardii+MOS contains the probiotic yeast *Saccharomyces boulardii*, which survives passage through stomach acid and delivers its benefits to the intestinal tract.* This strain helps protect and maintain a normal intestinal microflora.* It also works to restore the normal intestinal microflora when possible disruptions may occur, such as during travel or the intake of certain medications.* MOS (MannanOligoSaccharides) is an oligosaccharide from the cell walls of *S. cerevisiae* that can discourage certain bacteria from adhering to the epithelial cells and reduce their proliferation.*

Keep out of the reach of children.

Suitable for vegetarians/vegans.

DRcaps® DRcaps® is a trademark of Lonza or its affiliates.

Saccharomyces Boulardii+MOS does not require refrigeration and can be stored at room temperature. Refrigeration will, however, extend the shelf life. Avoid temperatures above 77°F (25°C).
