| Hydrolyzed Collagen (Bovine) | 12 Grams     | * |
| Calories                     | 44.76        | * |
| Protein                      | <10.8 gm     | * |
| Total Fat                    | <12 mg       | * |

\*Daily Value not established

Other Ingredients: None.

Collagen is a complex structural protein for strength and flexibility in the body. As we age, level of collagen can drop in our body which can lead to common signs of aging in hairs, skin, nails, joints and bones. Biotech Nutritions Hydrolyzed Collagen can support collagen formation throughout the body.\*
