

EVIDENCE-BASED

Uriples™ contains powerful pumpkin seed extract which is the most well known for its role in bladder, kidney, and prostate health.* Recent research has focused on pumpkin's phytosterol components, in particular, the lignan or phenolic compounds, such as sitosterol, stigmasterol, and stigmasterol, present in pumpkin seed.* Clinical studies reveal that these phytosterols can significantly impact urinary tract health through their ability to modulate key enzymes involved in maintaining hormonal balance.*

Contains no sugar, yeast, wheat, gluten, corn, dairy products, artificial coloring, artificial flavoring, preservatives, or ingredients of animal origin. This product contains natural ingredients; color variations are normal.
