

Cinnamon, one of the world's favorite spices, is a medicinal herb with more than 4,000 years of traditional use. Recent research has revealed that constituents in cinnamon bark called pro-cyanidin Type-A polymers help maintain the body's ability to metabolize glucose in a healthy way.\*

Best Cinnamon Extract is Cinnulin PF®, a patent pending, water-soluble extract of Cinnamon (species *Cinnamomum burmannii*) that contains Type-A polymers. Cinnulin PF® is a proprietary product of Integrity Nutraceuticals International.
