Conforms to USP <2091> for weight. Meets USP <2040> disintegration for maximum bioavailability.

CAUTION: If you are pregnant or nursing do not take this product.

According to the American Heart Association, coronary heart disease (CHD) is the single largest killer of American males and females. About every 29 seconds an American will suffer a coronary event, and about every minute someone will die without being hospitalized. Most of these are sudden deaths by cardiac arrest, usually resulting from ventricular fibrillation. Utilizing the most recent studies, our Healthy Heart Essentials contains a blend of ingredients that nutritionally supports healthy cardiovascular function.*
