

Suggested Usage: Take 1 capsule daily, preferably with a meal.

Policosanol is a blend of long-chain fatty alcohols (LCFAs) derived from sugar cane. LCFAs are naturally occurring plant waxes. Studies indicate that these plant waxes may help to support cholesterol levels already within the normal range.* This formula also includes plant sterols (from pine) and hawthorn berry for additional support.

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

Caution: For adults only. Consult physician if pregnant/nursing, taking medication (especially antiplatelet, anticoagulant drugs, aspirin, or NSAIDs), or have a medical condition. Keep out of reach of children.

Natural color variation may occur in this product.

Store in a cool, dry place after opening.
