

DIRECTIONS: As dietary supplement, take 2 capsules two times daily, preferably with a meal.

Black Cohosh is among the world's most popular herbs for women. This native American herb has been used for centuries for supporting women's health and has now been scientifically researched for its beneficial effects during menopause. It has found widespread use and official recognition in European countries and is now becoming the worldwide herb of choice for women seeking a natural approach to mid-life changes.

CAUTION: If you are pregnant or nursing do not take this product.
