We prepare our Turmeric Extract from the rhizome of *Curcuma longa* plants which have been **Certified Organically Grown**.

To assure optimal extraction of Turmeric's bioactive compounds, the rhizomes are hand-harvested when fully mature, are carefully processed and dried to retain their full color and aroma, and are thoroughly extracted.

LIQUID HERBAL EXTRACT

TURMERIC

Curcuma longa
Whole Rhizome

HERBAL SUPPLEMENT

4 fluid ounces (118.4 ml)
