THERAPEUTICS, INC.

OSTEOPRIME® ULTRA

*Exclusive ingredients clinically proven
to help reduce bone loss and
increase bone density**

120 TABLETS

Dietary Supplement

OsteoPrime® Ultra bone formula offers a clinical breakthrough in optimal nutrition for balanced bone health.* The ingredients are clinically demonstrated to support and maintain healthy bones and bone structure, enhance calcium absorption, and help keep bones strong and resilient.* This unique formulation features natural vitamin K2 from Natto (fermented soybean extract). Unlike vitamin K1 or synthetic vitamin K2 levels, which rise and fall, natural vitamin K2 has a relatively constant level in the blood leading to superior bone health support.* One study found that women who had the highest levels of menaquinone-7 (vitamin K2), experienced the greatest support for bone health.*

Integrative Therapeutics' evidence-based natural medicines are the only choice of doctors who rely on the fact base of premier science to deliver patient results.

Warnings: If you are taking Coumadin®†† (warfarin) or other prescription drugs, or if pregnant or nursing, consult your healthcare practitioner before using this product.

Recommendations: Take 4 tablets daily, during or after meals, or as recommended by your healthcare practitioner.

Contains no sugar, yeast, wheat, gluten, corn, artificial coloring, artificial flavoring, or preservatives. This product contains natural ingredients; color variations are normal.

*Chelated as citrate, fumarate, malate, succinate, and alpha ketoglutarate.
