

Suggested Usage: Take 1 capsule 1 to 2 times daily.

Maca (*Lepidium meyenii*) is grown at high elevations in the Andes region of central Peru. It has been traditionally used for centuries as a food source and as a general energy tonic.* More recent scientific data suggest that “gelatinized” maca may help to support healthy sexual activity and fertility for men.* Clinical data indicate that maca does not exert a direct effect on endocrine function.*

Not manufactured with yeast, wheat, gluten, soy, milk, egg, fish, shellfish or tree nut ingredients. Produced in a GMP facility that processes other ingredients containing these allergens. †Gelatinization is a completely vegetarian process that removes starch from maca to yield a more concentrated product. Gelatinization does not refer to “gelatin,” and no animal-derived ingredients are incorporated into this process.
