

Echinacea is now used by people worldwide who enjoy its ability to support the immune system.* We utilize the same species and standardized extracts of Echinacea which have been scientifically researched for their beneficial effects on human health. Our special formulation contains three types of Echinacea to help ensure you receive all the beneficial constituents found in this exceptional herb-- standardized Echinacea root extract and two species of wildcrafted Echinacea root powder. This balanced and scientific approach to formulation of dietary supplements helps ensure optimum results.
