

DIRECTIONS: As a dietary supplement, take 1 tablet twice daily, with morning and evening meals.

The need for vitamin C has never been greater. Stress, environmental pollution, age and health, as well as biochemical individuality, all help to dictate our daily requirements for this essential nutrient. Unlike most other animals, humans cannot make their own vitamin C. With vitamin C being part of more than 300 bodily functions, life itself depends on daily replenishment. Is there a best form of this vital nutrient?

Ester-C[®] ascorbate, a revolutionary form of vitamin C, is the most bioavailable form developed. Metalloflavins in Ester-C[®] ascorbate help the vitamin get into the bloodstream faster and in larger amounts, penetrate white blood cells more efficiently, and waste only a fraction of whatever other vitamin C's "sawd down the drain".

TAKE PRECAUTION: Do not use this product if imprint/foil seal under cap is broken or missing. Keep tightly closed. Store at room temperature, 68°F-86°F (20°C-30°C). **KEEP OUT OF REACH OF CHILDREN.** FDA Registered Facility (Reg. #162361) in fully cGMP/GMP/Manufacturing Practices (GMPs). Customers to USP <30cm> for weight. Meets USP <30cm> disintegration for maximum bioavailability.

CATION: If you are pregnant or nursing, do not take this product. Ester-C[®] is a registered trademark of Ester-C[®] Company. U.S. Patent Nos. 4,882,816; 5,070,055; 5,878,744 and corresponding foreign patents. Other U.S. and foreign patents pending.
