

Suggested Usage: Take 3 softgels daily with a meal.

Flax oil is a natural reservoir for the omega-3 fatty acid alpha-linolenic acid (ALA). ALA is considered an essential fatty acid because the body cannot make it from other fats and must obtain it from the diet. Flax oil has been shown to support cardiovascular health and to promote the maintenance of healthy skin.* It also abounds in lignans, which are phenolic compounds that may contribute to ALA's role in maintaining cardiovascular health.*

Each serving may also have the following naturally occurring amounts of polyunsaturated fats and monounsaturated fats: Linolenic Acid (Omega-3) 55%; Linoleic Acid (Omega-6) 14%; Oleic Acid (Omega-9) 19%; Other (Saturated) 12%.

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

Caution: For adults only. Flax oil is generally well tolerated, but may be associated with mild temporary gastro-intestinal disturbances. Consult physician if pregnant/nursing, taking medication, or have a medical condition, including allergy to flax seed. Keep out of reach of children.

Natural color variation may occur in this product.

Store in a cool, dry place after opening.
