

DHEA is produced by the adrenal glands and is found naturally in the body. It is an important base from which other key metabolites are derived. DHEA decreases as we grow older. This Dee Cee product contains the highest quality DHEA available in supplement form.

TAMPER EVIDENT: Do not use this product if imprinted foil seal under cap is broken or missing.

FDA Registered Facility (Registration #1023013)

Mfg. under Good Manufacturing Practices (GMPs) Keep tightly closed. Store at room temperature: 59°-86°F (15° to 30°C).

KEEP OUT OF REACH OF CHILDREN.

WARNING: NOT INTENDED FOR USE BY INDIVIDUALS UNDER THE AGE OF 18 YEARS. DO NOT USE IF YOU ARE A WOMAN OF CHILDBEARING AGE.

Consult a physician or licensed qualified health care professional before using this product if you are a woman, or if you have a family history of, have or have had prostate cancer, prostate enlargement, breast or ovarian cancer, hormone-sensitive disorder, heart disease, low "good" cholesterol (HDL), high blood pressure, diabetes, liver disease, kidney disease, thyroid disorder, psychiatric problems, pernicious anemia, nervousness, anxiety, seizure disorder, stroke, are under the age of 40 or if you are using any other dietary supplement, prescription drug, including MAO inhibitors, anti-seizure medication, or over-the-counter drug. Do not exceed recommended serving. Exceeding recommended serving may cause serious adverse health effects. Possible side effects include acne, oily skin, hair loss, hair growth on the face (in women), increased perspiration, aggressiveness, irritability and increased levels of estrogen. Discontinue use and call a physician or licensed qualified health professional immediately if you experience rapid heartbeat, dizziness, blurred vision, insomnia, tremors, nervousness, unwanted hair growth, deepening of voice, headache, weight gain, mood changes, high blood pressure, changes in appetite or blood lipid levels, breast tenderness, menstrual irregularities or other similar symptoms.

Conforms to USP <2091> for weight.

Meets USP <2040> disintegration for maximum bioavailability.
