REF-100102

Keep this product out of the reach of children. Keep in a cool,
dry place, tightly closed.

WARNING: Folic acid alone is improper therapy in the
treatment of pernicious anemia and other megaloblastic
anemias where vitamin B12 is deficient. Folic acid in doses
above 11 mg daily may obscure pernicious anemia, in that
hematologic remission can occur while neurological
manifestations remain progressive.

CONTRAINDICATIONS: This product is contraindicated in
patients with known hypersensitivity to any of the ingredients.
