# Acid Relief with Enzymes

Digestive Health\*

- For Relief of Occasional Acid Indigestion and Sour Stomach\*
- Xylitol Sweetened

## 60 Chewables

A Dietary Supplement    Vegetarian/Vegan

**Suggested Usage:** Chew 1-2 tablets daily as needed. The use of calcium carbonate for relief of occasional heartburn has been well accepted.\* Calcium carbonate works by neutralizing the acid produced in the stomach.\* It can however, slow down the digestion of food when used alone because the enzymes secreted by the stomach only work at acidic pH.\* Acid Relief with Enzymes combines calcium carbonate with digestive enzymes to encourage complete digestion of food, even in the presence of reduced stomach acid.\* NOW® Acid Relief with Enzymes delivers rapid relief from occasional indigestion, as well as digestive enzymes in a delicious chewable tablet.\*

\*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

Not manufactured with wheat, gluten, soy, milk, egg, fish, shellfish or tree nut ingredients. Produced in a GMP facility that processes other ingredients containing these allergens.

**Caution: For adults only. Consult physician if pregnant/nursing, taking medication, or have a medical condition (including kidney disease). Keep out of reach of children. Contains Xylitol, which is harmful to pets.**

Natural color variation may occur in this product. Store in a cool, dry place after opening.
