NOW® Aloe Vera Gels deliver the natural nutrient profile found in genuine whole foods.

Aloe vera offers a variety of nutrients, including vitamins, minerals, enzymes and amino acids. Aloe vera's constituent mucopolysaccharides, also known as glycosaminoglycans (GAGs), are thought to be its active components. Scientific studies have indicated that aloe can help to support the body's own healing processes.* In addition, aloe vera has been shown to support a healthy digestive system.*
