

Suggested Usage: Take 1 softgel 1 to 2 times daily with food.

CoQ10 and omega-3 fish oils have both demonstrated support for cardiovascular health.* CoQ10 helps to support cardiovascular health through its vital role in energy production and through its function as a free radical fighter.* Omega-3 fish oils work by helping to maintain healthy heart function and by promoting balanced immune system function.* This product combines two complementary cardiovascular support ingredients into one convenient softgel.*

***These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.**

NOW uses only the all-*trans* form of CoQ10.

Contains no titanium dioxide. Separation and color variation in the softgel is natural and doesn't affect product quality.

Caution: For adults only. Consult physician if pregnant/nursing, taking medication, or have a medical condition. Keep out of reach of children.
