

Suggested Usage: Take 1 capsule daily with a meal. Vitamin K is well known for its role in the synthesis of a number of blood coagulation factors and is also important for the formation of strong, healthy bones.* MenaQ7® MK-7 is a unique soy-free, bioavailable form of vitamin K-2 that plays a critical role in arterial health through its ability to support proper calcium metabolism in blood vessels and arteries.*

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

Caution: For adults only. Consult physician if pregnant/nursing, taking medication (especially anti-coagulant drugs such as warfarin, Coumadin®, heparin), or have a medical condition. Keep out of reach of children.

Natural color variation may occur in this product.
