

Suggested Usage: Take 1 softgel 1 to 3 times daily with food.

Phosphatidyl serine (PS) is a natural compound that's an important component of cell membranes, where it plays an essential role in communication and the transfer of nutrients between cells.* Derived from non-GMO sunflower lecithin, NOW® Soy-Free Sunflower Phosphatidyl Serine supports brain health, nervous system function, and the activity of neurotransmitters involved in learning, memory, and mood.*

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

Caution: For adults only. Consult physician if pregnant/nursing, taking medication, or have a medical condition. Keep out of reach of children.

Natural color variation may occur in this product.

Store in a cool, dry place after opening.
