

Suggested Usage: Take 1 capsule daily on an empty stomach with 8 oz. of water. Continuous use of this product for more than 30 days is not recommended except under the supervision of a physician.

Serrapeptase (serratiopeptidase) is a protein-digesting enzyme isolated from the friendly bacterium *Serratia marcescens*.* Studies indicate that serrapeptase is absorbed intact from the digestive tract and that it acts systemically to support healthy immune system functions and promote the body's normal healing processes.* Some evidence suggests that serrapeptase may support respiratory health by helping to maintain normal mucus secretions.*

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

Caution: For adults only. Not for long-term use. Consult physician if pregnant/nursing, taking medication (especially blood thinning medications), or have a medical condition. Keep out of reach of children.
