

401561-1M47

To assure optimal extraction of Yellow Dock's bioactive compounds, the roots are hand-harvested only after the plants have fully seeded in late summer or early autumn, and are then carefully shade-dried and thoroughly extracted.

Other Ingredients: Certified organic grain alcohol (38-48%), distilled water & vegetable glycerine.

Our Yellow Dock is never fumigated or irradiated.

Net Herb / menstruum ratio: 1 : 5

500

We prepare our Yellow Dock Extract from the roots of *Rumex crispus* plants which are Certified Organically Grown without the use of chemical fertilizers, pesticides or herbicides or are Custom Wildcrafted™ in their natural wild habitat.

LIQUID HERBAL EXTRACT

YELLOW DOCK

Rumex crispus
Whole Root

HERBAL DIETARY SUPPLEMENT
1 Fluid Ounce (29.6 ml)

SUGGESTED USE

SHAKE WELL BEFORE USING

Two to four times per day
take 30 to 40 drops in a little water.

Keep Out of the Reach of Children
