ANIMAL TRAINING PACKS

WHO WE ARE In 1983, Animal was founded with the birth of Animal Pak, the venerable training "pack" that started it all. Born from the real needs and desires of professional bodybuilders, Animal has grown profoundly over the decades. Today, as yesterday, the name Animal stands for trust, integrity and a unique no nonsense approach to the game. Animal also represents a group of products that have stood the test of time, proven again and again in the lab, and in the trenches where it counts most... The gym and the stage. Dedicated to serious nutrition for the serious athlete, Animal is your choice when it comes to complete and comprehensive supplementation. Animal. The choice of champions. **WHAT ANIMAL STAK® IS** You don't get jacked by accident. The freaks got that way because they leave nothing to chance. Hard and heavy training and massive caloric eating for years on end is the bare minimum required. The best take advantage of every edge they can get. This secret elusive "edge" comes in the form of anabolic hormone production and utilization. Testosterone and GH—the more you've got the better. Estrogen, cortisol, DHT—the less you produce, the more you can grow. For you there is Animal Stak, the anabolic edge for those determined few who leave nothing to chance.*
