Nutrilite® is the only global vitamin and mineral brand to grow, harvest, and process plants on their own certified organic farms.** By doing so, Nutrilite™ products capture phytonutrients (nutrients from plants) at their peak. Nutrilite® supplements conveniently deliver the hard-to-get phytonutrients that are found in fruits and vegetables.

In order to assure products of the highest quality, all Nutrilite™ product ingredients go through strict quality testing where the entire process is managed from seed to finished product.

°° These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.
