

Keep Out of the Reach of Children

Caution: Not for use by persons under 18 years old, the elderly, or pregnant or breast-feeding women. Don't use if you have, or have had, heart, liver, kidney, or prostate disease, gastric or duodenal ulcers, abnormal blood pressure, diabetes, seizures, stroke or psychiatric illness. Avoid use with alcohol, prescription drugs and other medications, and tyramine-containing foods (e.g., beer & red wine, fermented or aged foods, yeast, cheese & soy). Discontinue use and consult a physician if you experience recurring headache, dizziness, anxiety, sleeplessness, tremors, bronchial spasms or heart palpitations. Do not exceed suggested use. Limit use to 8 weeks, followed by a 4 week break.
