Bilberry Extract provides a potent extract of bilberries. It takes 100 pounds of bilberries to yield one pound of this superior extract. Bilberry extract is standardized to contain 25% anthocyanin flavonoids, its key compounds. Flavonoids are natural antioxidants, which can disarm damaging free radicals–an important factor for eye health.*

This formula was developed in accordance with the safety and efficacy standards set forth by the German Commission E, which is the worldwide recognized authority for effective herbal remedies.

Recommendations: Two capsules three times daily.
