

CONTAINS NO artificial colors, flavors or preservatives; no wheat, gluten, milk, eggs, peanuts, tree nuts, soy, crustacean shellfish or fish. Suitable for vegans.

Methylcobalamin is considered the active form of vitamin B12 and may be better absorbed than other forms. A water-soluble vitamin, B12 is essential for proper energy metabolism, nerve and mental function, red blood cell formation and cardiovascular health.[†] It is important for everyone, but especially for vegans, vegetarians and seniors who tend to be lacking in B12. Our Methyl B12 1,000 mcg Lozenges provide this superb form in a tasty berry flavored lozenge.
