

CONTAINS NO artificial colors, flavors or preservatives; no wheat, gluten, milk, eggs, peanuts, tree nuts, soy, crustacean shellfish or fish.

Collagen is an essential structural component of the skin, a protein that connects and supports bodily tissue. Collagen production declines with age, thus contributing to wrinkling, sagging and discoloration. This supplement contains 3 types of collagen peptides (I, II & III), the most abundant forms in the human body and essential for healthy, young-looking skin. Chondroitin sulfate is an important structural component of cartilage and provides much of its resistance to compression.[†] Hyaluronic acid is a major component of skin cells that is involved in tissue repair and helps to maintain moisture.[†] Our Health and Beauty Blend includes potent antioxidants that fight free radicals and help avoid damaged skin and premature aging. Vitamin C, in addition to its antioxidant properties, plays an integral role in collagen synthesis for ageless beauty.[†]
