

Made The Way Nature Intended!

Svetol is a naturally extracted, scientifically tested decaffeinated green coffee bean. The Selection of the Robusta variety (*Coffea canephora robusta* Pierre) as well as using pure green decaffeinated coffee beans in the extraction process, guarantee a unique composition in active and synergistic compounds. The traditional extraction process ensures a well-balanced chlorogenic acids profile with optimal bioavailability and efficacy. Just a 400 mg daily dose has been scientifically tested vs. placebo to have slimming effects.**
