Why Cleanse The Liver?

- Everything we breathe, eat, drink and absorb through our skin is purified and detoxified in the liver.
- Environmental toxins and the effects of improper eating and lifestyle habits can build up in the liver.

It makes sense; toxins have to go!

How Does It Work?

- A unique combination of ingredients stimulate bile flow, which help rid the liver of toxins.*
- Once toxins are on the move, you don't want them reabsorbed.
- Complete Liver Cleanse is the answer. It has a specially-designed fiber which binds with toxins so they leave the body.*

*The result is superior support
for liver function and health!**

Contains no sugar, yeast, wheat, dairy products,
artificial coloring, artificial flavoring, preservatives,
or ingredients of animal origin. This product contains
natural ingredients; color variations are normal.
