Today, the new Classic Series still represents our steadfast commitment to those individuals seeking to achieve strength and perfection in the gym. **AMINO 2700** Amino 2700™ is a high potency, sustained release amino acid supplement packed with L-form and peptide-bonded amino acids. Amino acids are anabolic in nature and are essential for building strength and increasing lean muscle mass. Our amino acids are derived from whey protein concentrate (WPC) and whey protein hydrolysate (WPH) which allows for quicker assimilation into muscle tissue. Each tablet is packed with nearly 2,000 mg of amino acids; when taken prior to each meal, it becomes ideal for increasing overall amino intake throughout the day.†
