Do you know your exposure?

Human exposure to heavy metals has risen dramatically in the last 50 years. The average American is exposed to an inescapable amount of heavy metal toxins on a daily basis—from the air, water, and even our food.

Some examples are:

- Lead in paint, tap water, cigarette smoke, hair dyes
- Mercury in fish, dental fillings, cosmetics, fluorescent lights
- Cadmium in batteries, art supplies, motor oil, fertilizers

Lighten your heavy metal burden*

Complete Metal Cleanse features the powerhouse ingredient, humifulvate, scientifically studied to reduce lead, cadmium and mercury.*

Your health is precious. Heavy metals are not.

Make your world less toxic with Complete Metal Cleanse.

Environmental exposure to heavy metal toxins can wreak havoc on your system. You may not be able to change the environment, but you can change its impact on your health with the help of Complete Metal Cleanse.

This uniquely targeted cleanse helps:

- Lessen the amount of heavy metals in your body without depleting beneficial minerals*
- Strengthen your immune system to support overall health*
- Release antioxidant power to protect against free radicals*

Research shows that the key ingredient in Complete Metal Cleanse—purified humifulvate—binds to heavy metals including lead, mercury and cadmium, allowing the body to expel them more easily.*
