NET WT. 1 LB. (450g)

ANTLER FARMS®

Grass Fed

Antler Farms® New Zealand Collagen is 100% pure hydrolyzed collagen sourced from grass fed, pasture raised cows. Our cows are naturally healthy and raised outdoors in beautiful New Zealand without the use of growth hormones, antibiotics, chemicals or GMOs.*

Pure & Clean

Antler Farms® New Zealand Collagen is derived from top grade gelatin extracted from bovine hides. Using an enzymatic hydrolyzation process, collagen peptides are isolated, purified and concentrated to create a collagen that is pure and clean.†

Highly Bioavailable

Antler Farms® New Zealand Collagen is optimized molecularly to be easily digested. It is highly bioavailable, rapidly absorbed and perfectly soluble in hot or cold liquids.†
