PUMPER

WHO WE ARE In 1983, Animal was founded with the birth of Animal Pak, the venerable training "pack" that started it all. Born from the needs and desires of pro bodybuilders, Animal has grown prodigiously over the decades. Today, Animal has stood the test of time and been proven in the trenches day in and day out. **WHAT ANIMAL PUMP PRO™ IS** Up the volume with Animal Pump, the "core" non-stim pre-workout product for "pumps". For the bodybuilder, getting the pump is the name of the game, what it's all about. It's not just an addictive feeling. Your muscles don't just feel bigger. They are. A pump signals the start of oxygen and nutrient-rich blood flooding into the muscle, setting the table for new growth. So is your table set?†
