

Supporting your IMMUNE SYSTEM is critical this time of year.†

The right supplementation can make a dramatic difference.*

Quercetin LipoMicel Matrix:

How does quercetin stand alone to support you...?

The unique antioxidant effect of quercetin supports healthy blood vessels by reducing the impact of oxidative damage to blood vessel walls.† Such support even extends to the capillaries, which supply nutrients and oxygen to every cell in the body.†

Breakthrough in absorption technology

Until now, one of the biggest challenges with quercetin has been its lack of water solubility. We have overcome this challenge via our latest technology: a unique liquid micelle matrix. This groundbreaking process solubilizes quercetin into liquid, allowing it to be absorbed up to 10x better than regular quercetin.

Vitamin C

Suggested usage: 1 tablet 1-2 times per day or as directed by a health professional.

Vitamin C 1000 mg Time Release with citrus bioflavonoids is designed to gradually release nutrients over an eight-hour period. Bioflavonoids both enhance the absorption and act in synergy with vitamin C to provide antioxidant protection, keep collagen healthy, and help increase capillary strength.†

Vitamin C is a powerful antioxidant which supports healthy bones, cartilage, teeth, and gums.† It helps protect cells against free radical damage and vitamin C deficiencies in the daily diet, supports healthy cell growth and immune function.†

Contains no artificial colors, preservatives, or sweeteners; no dairy, starch, sugar, wheat, gluten, yeast, soy, corn, egg, fish, shellfish, salt, tree nuts, or GMOs. Suitable for vegetarians/vegans.
