

Finally, a DGL that works fast and tastes great, too!*

DGL ULTRA extra-strength deglycyrrhizinated licorice stimulates and accelerates the natural protective factors in the digestive tract, which helps relieve occasional stomach discomfort immediately.*

In DGL ULTRA, the glycyrrhizin compound—associated with high blood pressure—has been removed.

The potent 10:1 extract makes this product ultra-concentrated, which means it provides immediate benefits and maximum absorption.* It's chewable because saliva enhances the effect of DGL ULTRA's natural compounds, and it tastes great simply to please your palate. For those watching their sugar intake, this formula is fructose-free! Try it today to experience maximum relief.*

Contains no sugar, salt, yeast, wheat, gluten, corn, artificial coloring, artificial flavoring, or preservatives. This product contains natural ingredients; color variations are normal.
