

BETTER LIVING BEGINS WITHIN

Almega®PL, our proprietary form of EPA-only omega-3 is derived from

Nannochloropsis microalgae. It offers

50% better absorption than fish and krill

oil¹ and has been clinically demonstrated

in a trial with 104 healthy participants

to significantly decrease total cholesterol

against placebo². In particular, "bad" VLDL

cholesterol decreased by 25% on average

in just 3 months. iwi algae is sustainably

farmed in the USA. Not only do we avoid

harming the ocean and the life in it, we also

give back 1% of our net sales to Ocean

Unite. iwi is good for every living thing.
