

MADE IN THE U.S.A. 

†Turmeric (*Curcuma longa*) grows wild in the forests of Southern Asia including India, Indonesia, Indochina, nearby Asian countries, and some Pacific Islands including Hawaii.

Turmeric is an adaptogen and blood purifier correcting both excesses and deficiencies in the body. Turmeric is known to cleanse and strengthen the liver and gallbladder. Turmeric relieves swelling, reduces symptoms of arthritis, and promotes healthy metabolism.

Curcuminoids are the standard extract of the Turmeric Root. Black pepper increases the absorption of turmeric root.

Manufactured in a certified GMP facility. This product contains no wheat, gluten, yeast, soy, salt, sugar, milk, artificial flavors and color and no preservatives. Store in a cool and dry place.
