20:1 Beet Juice Concentrate: USA Grown Organic Beet Juice in Raw Form

Our Beet Juice Powder is a highly concentrated organic juice powder that has a 20:1 concentration in comparison to whole beets. Our beets are grown in the United States in mineral and nutrient-rich organic croplands. The juice is cold-press extracted, and CO2 dried at ambient temperatures using BioActive Dehydration. The beet juice is in 100% raw form, maintaining its full enzymatic activity while preserving bioactive nutrients.
