Health Impact on Natural Killer (NK) Cell Activity*

Control IP-6 and Inositol

IP-6 plus Inositol, as found in Cell Forté MAX³, has been scientifically shown to increase natural killer-cell activity by 58% compared to the control group.*

Health Impact on T- and B-Cell Activity*

T-Cells B-Cells

POA Cat's Claw extract, as found in Cell Forté MAX³, has been clinically shown to significantly increase activity of key immune cells, B- and T-cells, by up to 82% and 137% respectively, to provide optimum deep immune support.*

Triple Your Power to Prevail™

Triple-strength Cell Forté® MAX³ maximum deep immune support features an exclusive combination of IP-6 and inositol, maitake D-fraction, and POA Cat's Claw, which are essential to supporting healthy cell development, defending your deep immune health and delivering life-changing results.*

Cell Forté MAX³'s targeted 3-level support features:

IP-6 and Inositol

This unique combination dramatically increases natural killer-cell activity and enhances normal cell division*

Maitake Mushroom Extract

Clinically shown to support healthy cell growth and keep your body's immune response healthy and balanced*

POA Cat's Claw

Clinically studied to benefit the natural and acquired immune systems and enhance the protective power of critical B- and T-cells*

The synergistic forces of each power-packed ingredient provide superior support for the most critical cells in your immune system by amplifying your deep immune functions.*
