

Probiotic + Prebiotic

SUGGESTED USE: Take one capsule per day. Best if consumed with a meal.

SOURCE: Probiotics cultured in USA and Italy. Encapsulated, packaged, and tested in USA.

DOES NOT CONTAIN: Eggs, fish, shellfish, tree nuts, peanuts, wheat/gluten, soy, sugar, GMO, artificial colors or flavors.

ALLERGY INFORMATION: Contains dairy. May contain trace amounts of milk, corn, and yeast used in the fermentation process.

Made in a facility and processed on shared equipment that handles dairy, soy, shellfish, and wheat/gluten. Individuals extremely sensitive to these ingredients should consult a physician prior to using this product.

If pregnant, nursing or taking any medication, talk to your doctor before use. Keep out of reach of children.

STORAGE: Store in a cool, dry place (avoid exposure to high temperatures and/or moisture).

^{††}Many probiotics provide high live culture count but low diversity. This product offers both, high diversity and count. It contains Lactobacillus and Bifidobacterium, which have been studied for their ability to help restore natural gut flora and support immune and gut health, along with two prebiotic fibers to help stimulate probiotic growth.*

[†]Formulated to provide 50 billion live cultures at time of manufacture, and guaranteed at least 5 billion live cultures at expiry date. Storage and handling conditions can affect number of live cultures. Keep under recommended storage conditions. Refrigeration is not necessary, but helps keep bacteria count high.

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.
